

Accessing Canvas

The screenshot shows the website header for Rhinebeck Central School District. The navigation menu includes: DISTRICT, SCHOOLS, ACADEMICS, DEPARTMENTS, BOARD OF EDUCATION, FAMILIES, FACULTY, and COMMUNITY. The 'FAMILIES' menu is open, showing options: Clubs and Activities, Lunch Menus, SchoolTool Parent Portal, Staff Directory/Webpages, Communicating with Professional Staff, School Start-End Time Information, Canvas Login, Naviance, and Naviance. A red arrow points to the 'Canvas Login' option. Below the navigation is a banner for 'Capital Project: Phase I - Summer 2019 Elementary kitchen & lunch line upgrades'.

Canvas can be found on our district website

Rhinebeckcsd.org by selecting “Families” and choosing “Canvas Login”

Or you can search for “**Rhinebeck Canvas**” in your web browser

You can sign up to “observe” your student, which allows you to see assignments, the class calendar, and other useful parts of Canvas.

Before you sign up, you’ll need a “pairing code” from your student.

It is important you sit down together to make this process as smooth as possible!

Getting your pairing code

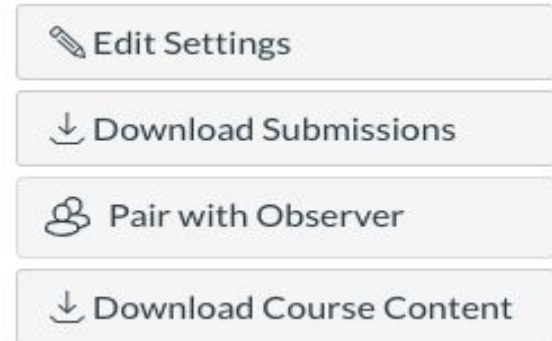

Each “observer” will need **their own code**. If there are two parents signing up to “observe”, you will need to do this **twice** and get **two separate codes**.

Your student will need to:

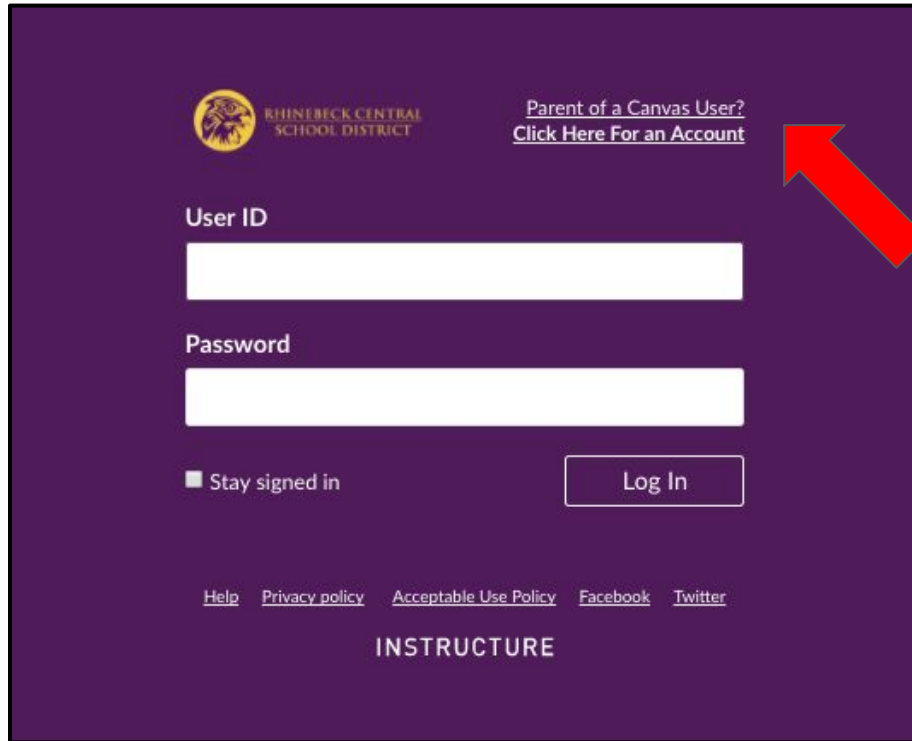

- Sign into Canvas
- Click on “Account”
- Click on “Settings”

A new page will load with various settings. Look for the below options and select “**Pair with Observer**” to get your code.

Signing up

Head back to the Canvas main page and fill out the signup form using your pairing code.

Student Pairing Code What is a pairing code?

You agree to the terms of use and acknowledge the privacy policy.

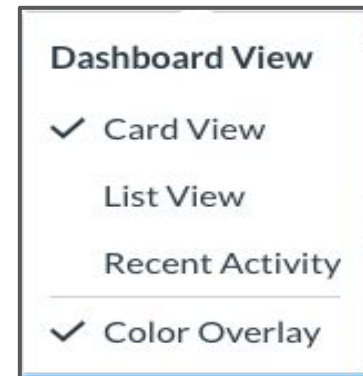

Using Canvas

Your student will have several different courses displayed on their “Dashboard.” Clicking on them will take you to that teacher’s Canvas page.

Your student’s courses are listed in their “Dashboard” option listed on the left side of the screen.

If the screen looks different than this layout, make sure “Card View” is selected in the below menu. This menu is found by clicking on the three vertical dots in the upper-right.

Course highlights

The screenshot shows a course page for '00200-2020 > Modules'. On the left is a yellow sidebar with navigation options: Account, Dashboard, Courses, Calendar, Inbox, and Help. The main content area has a purple 'Home' button at the top, followed by a list of course features: Assignments, Discussions, Grades, People, Files, Syllabus, Quizzes, Modules, Conferences, Collaborations, Google Drive, and Office 365. Three red arrows point to 'Home', 'Grades', and 'Modules'. Below the list is a 'Class Documents' section containing a 'Class Outline' document. On the right side, there are buttons for 'View Course Stream' and 'View Course Calendar', and a 'To Do' section with the text 'Nothing for now'.

Course pages are where you find the following features:

- Assignments
- Grades
- Modules

These are the most commonly used features in the 6th grade. Each are automatically updated as teachers add to their individual pages.

Calendar

The screenshot displays the Canvas LMS calendar interface. On the left is a yellow sidebar with navigation icons: Account, Dashboard, Courses, Calendar (highlighted with a red arrow), Inbox, Commons, and Help. The main area shows a calendar for September 2019 with a grid of days. Events are shown as colored boxes: a blue box on Friday, Sept 6 (11:59p ch. 1.1), a blue box on Tuesday, Sept 17 (CHAPTER 4 E and Exams), and a grey box on Thursday, Sept 26 (Ecology raddc). On the right, there is a secondary calendar view for September 2019 with a red arrow pointing to the 'CALENDARS' list. The list includes: Lang Arts 6w 2019-20 (checked), Math 6 2019-20, Sci 6 2019-20, Soc St 6 2019-20, Computer Science I 2018-9, Lang Arts 6r 2018-9, Lang Arts 6w 2017-8, Lang Arts 6w 2018-9, Math 6 2018-9, Sci 6 2017-8, and an undated section with a 'Calendar Feed' option.

“Calendar” is found on the left side of the screen. This will display **all** Canvas assignments, announcements, or other notifications all in one space.

Please make sure that the courses are “selected”; otherwise, assignments will not show on the calendar. “Selected” courses are indicated by a colored box on the right side. If the box is empty, clicking on it will enable the course. The calendar is also automatically updated as teachers add to their Canvas page.
